

# SMARTTOP

**SMARTTOP** is the only New Zealand made High Moisture Resistant (HMR) bench top system with a sealed white backing that is available on short notice. Sourced only from renewable New Zealand forests, it carries Environment Choice New Zealand (ECNZ) certification with a low formaldehyde emission and a small carbon footprint.

**SMARTTOP** uses a decorative, continually pressed laminate in 10 fashionable colours from the Formica Foundations range in a Crystal finish. Crafted for New Zealand kitchens, bathrooms and workspaces SMARTTOP complements most interior colour schemes.

**SMARTTOP** delivers improved water resistance and hygiene.

**SMARTTOP** makes your renovation project affordable and easy.

## 10 REASONS TO CHOOSE SMARTTOP

- Guaranteed 5 working day delivery

The colour/finish combinations are available at the time of publication, but are subject to availability and may be withdrawn at any time. Formica is no different from any other material in that darker colours and gloss finishes will always show scratches and superficial wear and tear more readily than lighter colours or lower gloss finishes. Such surfaces require more care and maintenance. The manufacturer recommends the use of laminate cleaning products (or mild household cleaning products). For specific care and cleaning information visit our websites. Note that in certain lights or from different angles wipe down marks may be visible after cleaning. Formica should be protected from strong direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. Please obtain a copy of the terms and conditions of the 5 year limited warranty or visit our websites. This warranty is in addition to any rights that may exist under the consumer guarantees act (1993).
